Continuing education is **Mandatory**....Experiencing a great class is not! Students who attend Jack's Continuing Education class uniformly agree that their time has been well spent. He brings the practical side of each subject alive with real-world examples, helpful risk management tips, an open forum for questions and answers and enough energy and wit to keep everyone interested and engaged. No wasting time in front of a computer screen. No difficult on-line tests to complete. This course includes 6-hours of legal.
